

Our Earth

Let's join together and make our Earth a better place to live. Here are some books and ideas that remind us to be an Earth lover.

Click on a book cover below to open the read aloud in YouTube.

Weekly Read Aloud

This Old Earth

Literacy Activity

Rhyming

Find small items around the house such as a spoon, toy cat, piece of string, a small brush, etc.

Put them inside a box or a sock.

Help your child say the name of each item and think of other words that rhyme.

Click on the image to see Ms. Pat's activity.

Dramatic Play or Music Activity

Planting a Tree

First you take a seed and plant it in the ground, the ground, the ground.

You plant it in the ground.

Then you get some water and you pour it all around,

Around, around.

You pour it all around.

Then you get some air and you blow, blow.

Then your tree begins to grow, grow, grow.

Your tree begins to grow.

Click [HERE](#) to follow along with Ms. Kellie.

Math Activity

Count your Nature Collection

After you have collected your items from the Scavenger Hunt, count how many items you have.

How many sticks?

How many rocks?

Science Activity

Nature Scavenger Hunt

For this fun activity all you will need are your eyes and your hands. We will be searching for outside items in our own yard!

Things to look for:

- | | |
|-------------|------------|
| 1. Pinecone | 5. Stick |
| 2. Rock | 6. Grass |
| 3. Leaves | 7. Flowers |
| 4. Trees | |

Help your child find all of the items on the list!

Scroll to page 2 for printable word cards to go along with this activity.
