

Rainforests and Jungles

Come explore rain forests and jungles with us. These are unique and important habitats with many beautiful and unusual plants and animals.

Click on a book cover below to open the read aloud in YouTube.

Literacy Activity

Review the read aloud video of The Licky Sticky Frog.

Now lets see what we remember from the book! Look at the picture cards on page 2 for The Licky Sticky Frog. Take your time and try to put them in order as they occurred in the story. To make it more difficult, you can also lay them in a line and have an adult take a picture away; then you have to guess which piece of the story is missing. Have fun!

Dramatic Play or Music Activity

Rainforest Animals Song
(tune of "If You're Happy and You Know It")

If you want to be a tiger, growl out loud, Grr Grr.
If you want to be a tiger, growl out loud, Grr Grr.
If you want to be a tiger, really want to be a tiger,
If you want to be a tiger growl out loud, Grr Grr.

Repeat with following phrases:
If you want to be an elephant, swing your trunk.
If you want to be a crocodile, go snap snap.
If you want to be a monkey, jump up high.
If you want to be a hippo, stomp your feet.

Math Activity

Let's find out which rainforest animals live on the jungle floor, which live in the trees and which live in both places!

How many animals live only on the ground?
In the canopy? In both places?

Science Activity

Match the Rainforest Animal

Click on the picture to open a full-size version. Ask your child to find the different animals as you read their names. Print and cut the cards to turn into a matching or memory game.
